Dear Commander Pitkin:

We have been informed that Senators Leahy and Huddleston of the Senate Select Committee on Intelligence (SSCI) intend to propose the enclosed amendment to the FY 1985 Intelligence Authorization Bill. This amendment would, in effect, require that the number of Soviet diplomats in the U.S. granted diplomatic immunity not exceed the number of U.S. nationals granted similar status in the Soviet Union.

We believe it is important that any opinion provided to the SSCI on this proposal should reflect the views of all concerned agencies within the Administration. Therefore, before providing our views to the SSCI, we would request that you review the proposal and provide to us the definitive views of the Department of Defense regarding this proposal. Since markup of the Authorization Bill by the SSCI is scheduled for 5 April, we need your views not later than close of business 3 April.

Sincerely,

Legislation Division
